

# Internship Admissions, Support, and Initial Placement Data

## Internship Program Admissions

<b>Date Program Tables are updated: September 14, 2021</b>			
<b>Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:</b>			
A major strength of the Nebraska Mental Health Centers Psychology Internship Program is the varied experience in the field of health service psychology offered to interns. Assessment, diagnosis, and treatment of a wide variety of behavioral health disorders and neurological conditions are provided to children, adolescents, adults and seniors at three clinic offices. Applicants that have demonstrated experience and interest in community-based general outpatient practice and intervention services within a rural population are preferred. Interns are required to complete 2000 clinical hours that includes a minimum of 1000 direct patient contact hours.			
<b>Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:</b>			
Total Direct Contact Intervention Hours	N	Y	Amount: 500
Total Direct Contact Assessment Hours	N	Y	Amount: 100
<b>Describe any other required minimum criteria used to screen applicants:</b>			
Approval by the applicant's academic training program verifying their readiness for internship, a Master's degree or equivalent in Clinical or Counseling Psychology or a closely related field, and a minimum of three years of a doctoral program in Clinical or Counseling Psychology
